PICK & PLACE CASE PACKING MODULE

A PICK AND PLACE PACKING SOLUTION TO MEET YOUR SPECIFIC REQUIREMENTS:

Technical characteristics

- Product protection guaranteed by flow management without accumulation and guiding/conveying without touching the labels
- Case loading with frequency inversion using a single gripping head for handling all formats which is adjustable by handwheel
- Safety system on each product gripper to preserve the product and the mechanical elements
- Gripping tooling designed to protect bottles or containers and their labels
- A single loading funnel for handling all case formats without partitions, adjustable by levers

Advantages

- Can handle cases with 24 bottles
- Perfect visibility inside the machine, thanks to fully transparent safety guards and a transfer system mounted on a mast and beam
- Wide ergonomic display panel for creating new product and packaging formats

- Smooth movements to optimise product loading and protect labels
- Quick and easy size changeover and creation
- Access and hygiene conditions optimized
- Speed: up to 14 000 bottles/hour

Sidel is a leading provider of equipment and services solutions for packaging beverage, food, home and personal care products in PET, can, glass and other materials.

With over 40,000 machines installed in more than 190 countries, we have nearly 170 years of proven experience, with a strong focus on the factory of tomorrow with advanced systems, line engineering and innovation. Our 5,500+ employees worldwide are passionate about providing solutions that fulfil customer needs and boost the **performance** of their lines, products and businesses.

Delivering this level of performance requires that we stay flexible. We continuously ensure we **understand** our customers' changing challenges and commit to meeting their unique performance and sustainability goals. We do this through dialogue and by understanding the needs of their markets, production and value chains. In turn, we apply our solid technical knowledge and smart data analytics to ensure lifetime productivity reaches its full potential.

We call it **Performance through Understanding**.
